

SETU MARCHES

AUTUMN EDITION, VOLUME 15

From Program Coordinator Desk

Dear all

This quarter was fully dedicated for students well being. We had organised lot of health check up camps, immunisation camps and follow up sessions for the same. Along with studies it's very essential to take care of their over all growth.

I hope you will enjoy reading our school activities. Kindly give your feed back on our activities to encourage our students to perform well.

Workshop

Workshop for teenager girls

Lady from Software and Gamble Company came to conduct a workshop on personal hygiene for girls during their menstrual cycle.

Teachers training was organised by OM Foundation on 19th July. It was a follow up workshop of June. On 22nd July they organised a workshop on teachers attended the work shop, it was on CCE pattern.

8th July 2014- Vaccination – organised by Max Foundation

86 students were vaccinated on this day. With the support of Max foundation we are able to immunise our students. Our sincere thanks to them

Visit by Sandesham

On 18th July 2014, group of ladies from Sandesham came and conducted poem recitation competition was organised from class 1st to 4th and slogan writing competition from class 5th onwards.

They also donated some stationary items for school.

Mayoor School Visit on 25th July

Class 4th students along with Maths teacher came to our school and students from both the schools worked together.

Mayoor School Visit

15th August 2014

Independence Day celebration started with flag hosting by our chief trustee and followed by cultural program.

The anchoring was done by students and it was very well coordinated. Children from all age groups performed different programs like, poems, skit, group dances and at the end of the program they asked few questions based on the occasion.

At last some snacks were distributed amongst the students.

“Mickey Davis and Harvey from Dell visited our school.”

Teachers Day

Guru Brahma Guru Vishnu Guru Devo Maheshwara

this is the day when students express their regards towards their teachers. Like any other school our students also celebrated the day with full enthusiasm. Senior students played teacher's role and the teachers had good time among themselves.

Management had organised some interesting activities for them. It was a great day and everybody enjoyed a lot.

Dalmia Bharat Groups

On 30th September our 12 students went to Dalmia to perform skit on the occasion of Gandhi Jayanti celebration at their premises. Teachers had prepared skit on Gandhiji's Dreams and principals in today's scenario. It was appreciated by them.

Follow up check up at I Care hospital

Our 16 students went for follow up check up at I Care hospital on 26th August. Few of them were suggested specs and two of them have been asked for further check ups.

Some tests are paid and they are taken care by Chetna Club, Noida.

30th July Eye Check Up camp was organised by Chetna Club ladies with the support of I Care Hospital. Total 216 students were examined.

Chetna club Noida. Total 148 students were examined on that day. Our sincere thanks to them.

16 students have to re visit the hospital for follow up session.

EYE CAMP

BDC at Agies-

Dental Check up camp

On 11th September Dental check camp was organised with the support of

45 units were collected. Thanks to all the employees who donated blood.

Science Exhibition

Science Exhibition was organised in which three Schools participated and four schools came as visitors.

This was for the first time we had an interschool exhibition. It was inaugurated by Mayoer school teacher.

"This was for the first time we had an interschool exhibition"

Setu students had really worked hard for this. Pre- Primary students also showed small experiments along with senior students who made working models. All models were appreciated by the visitors.

This exhibition gave students a lot of confidence and knowledge on science.

Activities & Events

20th August 2014 On HCL talent fest our students were invited to perform a dance as an inaugural show. It was an internal function of HCL. Our students were appreciated by their employees. This type of events give our students encouragement to do well and this helps in their over all development

On 30th August 2014

Class 6th students went to Mayoer School for science smart class along with two teachers. After the smart class their teachers interacted with our students and they were impressed by our student's performance

PVR activity

On 15th a puppet show was organised by PVR nest on happy children and happy children. The theme was to make them understand about the importance of healthy food and some basic cleanliness. It was followed by a doctor's talk on the same topic to make it more effective. Students participated in that very actively.

Students Corner

NEHA

Neha joined Setu in class Nursery. Her parents are Rajesh and Indu.
